ITEM #1. PUD-01-2022 – WESTFALL PLACE

Review of the application for rezoning the subject property from no zoning to a Residential/Planned Unit Development zoning district; review of a Preliminary Development Plan, and Ordinance for approximately 53 acres to be developed as a residential single-family detached development containing approximately 160 units to be known as the Westfall Place located to the southwest of the intersection of Oak street and SR 47, submitted by Arbor Homes, LLC (owners: Scott A. Schuler, Thorntown Development LLC).

President Gray states that the applicant requested a continuance of the application’s public hearing to the next meeting on January 9th, due to a need for redoing the concept plan because the DNR asked them to keep the wetland intact.

Ms. Polhuy reads out an email from the developer that states the reason for requesting continuance, “We received the preliminary wetland report late yesterday as part of the ongoing due diligence on Westfall Place and it is significantly larger than anticipated. The project feasibility does not allow disturbance of the wetland, so we need sometime to rework the concept plan. With this in mind, we’d like to request a continuance from the Plan Commission meeting on December 12 to January 9.”

President Gray asks for a motion.

Motion by Mr. Smith, second by Mr. McClintock, to approve the continuance request.

AYES: Don Gray, Jerry Seymour, Ben Strong, Shawn McClintock, Frank Clark, Erick Smith. NAYS: Zero. ABSTAIN: Zero. Motion carries 6, 0, 0.
